

WARRANTY

PRODUCT PERFORMANCE WARRANTY

Apex Building Products warrants that our rollformed steel building products supplied:

- Are manufactured from Colorbond, Zinalume, Galvaspan & Truecore steel.
- Are “fit for purpose” when installed and maintained according to specifications and Bluescope Steel warranty requirements.
- Will perform as detailed in product literature
- Will comply with relevant Australian standards

This Product Performance Warranty only applies when:

- All fasteners and accessories used comply with relevant Australian Standards and Apex recommendations
- The product is genuine prime Apex rollformed product installed according to published recommendations and standards relevant at time of installation
- The installation and application of the product are in accordance with requirements for material warranties from BlueScope Steel.

This Product Performance Warranty does not apply when failure of the product is due partly or wholly to any factor outside the control of Apex Building Products including but not limited to:

- Damage as a result of storage, handling or mistreatment of the product either during or after installation
- Insufficient maintenance or neglect of the installed product
- Defects in the Building including movement of the ground
- Storm, tempest, flood, any act of God or anything beyond our reasonable control

This Product Performance Warranty does not cover the product for corrosion to perforation by weathering or paint flaking or peeling. It also does not cover failure or damage of the material caused by interaction with dissimilar metals by direct contact or water runoff.

To obtain a warranty in respect to this material corrosion to perforation or paint flaking & peeling simply complete the standard warranty form and project registration

by visiting: www.bluescopesteel.com.au/warranties

Should you require any further information please contact the Apex Building Products sales office.
